

Winter Season Snow Removal & Parking Regulations

Winter Conditions

Winter season brings inclement weather conditions making travel difficult. One of the Village's primary objectives during the season is to keep roads and highways free from snow and ice thru plowing and salting operations. As residents, you can help us keep our streets and roads safer by keeping vehicles off public roads during a snow storm, and by depositing snow from private drives and walks on your own property and not on Village Streets

On Street Parking Prohibition "Snow Tow"

In order to effectively clear all streets from curb to curb, any vehicle parked on the roadway must be removed. Failure to clear the entire road surface hinders further removal of snow and presents a hazard when the remaining snow on the roadway freezes in place. As soon as the snow depth reaches 2" or greater, **ALL** vehicles must be removed from the street.

It is advisable, however, to remove your vehicle as soon as it begins to snow. When parking overnight, keep in mind that it may snow while you are sleeping, creating a problem early in the morning. Village code provides for ticketing or towing of vehicles in violation of this ordinance.

Depositing Snow in Roadway

The practice of pushing or blowing snow from private driveways into public roadways is prohibited. Frozen snow piles and windrows from private snow removal operations create a hazard to vehicular traffic and make subsequent snow removal efforts difficult. Village code provides for ticketing violators of this Ordinance.

We ask that when clearing your driveway and walks, place the snow in your yard or in the parkway, not the street. Our snow plow drivers try to minimize any excess snow plow windrowing into cleared drives, however, the plowing process regrettably pushes some snow back into the cleared drives. Depositing snow on the street simply adds more to your drive after the next plowing cycle. We appreciate your cooperation and understanding by keeping private drive snow removal off public streets

Questions

Should you have any questions about Snow-Tow or discharging snow into roadways, please feel free to contact the Village Offices at 815 462-6400.

Thank you for your help and cooperation in keeping New Lenox streets and roads safe during the winter season.
