Other Signs

Road Closed	48" X 30"
School Speed Limit	24" X 48"
Water Regulations	24" X 18" (May be engineer grade)
Snow Route	24" X 18" (May be engineer grade)

Red reflective delineators with a black background (Type N) 18" X 18" are required at all temporary dead ends. NO plastic circles. If not possible to use delineators, then a Type III Barricade WLI #TP100H will be used. The barricade must have a high intensity 48" X 30" road closed sign (R11-2) mounted to barricade, as well as 2 Toughlite 2000 lights.

All signs, locations, and sizes should be approved by the Village of New Lenox Street Department before installation.
