

## Special Event Description

### Sponsors

Mokena School of Rock and Ranch Frostie partnered to plan and host an event called **School of Rock ROCKS Ranch Frostie**.

### Event Details

School of Rock and Ranch Frostie are both community minded businesses catering to families. Our intention is to host an evening of family entertainment for the community of New Lenox. The event is targeted for August 9<sup>th</sup>, 2014 during the hours of 6:30 – 9:30pm. In the case of inclement weather, the event will be held on August 10<sup>th</sup>, 2014 from 6:30 – 9:30pm. Ranch Frostie will provide regular food and ice cream sales and the School of Rock's student-based show band will play family favorites from artists like Tom Petty, The Beatles and Michael Jackson. In addition, we will invite the New Lenox Fire Department and New Lenox Police Department to bring a truck and squad. Kids love to see those vehicles up close! Lastly, a face painter will be on site turning boys and girls faces into butterflies and ninjas.

Ranch Frostie and School of Rock look forward to working with each other and Village officials to make this a safe, fun, and successful annual event for New Lenox residents to enjoy.

## Considerations

### The Band

The School of Rock provides all instruments, sound and lighting. A 16ft x 12ft stage will be rented and placed on the property as shown in the attached site plan. Speakers, can lights and fire extinguishers will flank either side of the stage. The lights will be used to illuminate the band starting at dusk and turned off by 10:00 pm. The band and all accompanying equipment will be powered by a generator.

### Attendees

As seen on the site plan, the south Cedar Road parking lot entrance and the area immediately surrounding Ranch Frostie will be barricaded for families to move around safely. Two portable toilets will be placed on site for convenience of event attendees. We will have two staff members in the common area whose responsibility is to support attendees by answering questions, directing parking, and indentifying/reporting potential security concerns.

### Parking

Event attendees can park on site. The other businesses on the parcel will be closed and the spaces associated will be available for the evening (permission attached). As noted on the site plan, we will remove 12 parking spaces leaving 48 available. Two handicap accessible spaces are convenient to the festivities. In the event the lot becomes full, overflow parking will be available at Kurtz Memorial on the southeast corner of Francis and Cedar roads (permission attached). We will work with Deputy Chief April DeSandro to address traffic control and pedestrian safety.

Parking: total spots 600
